Inattentional blindness or perceptual blindness (rarely called inattentive blindness) occurs when an individual fails to perceive an unexpected stimulus in plain sight, purely as a result of a lack of attention rather than any vision defects or deficits. When it becomes impossible to attend to all the stimuli in a given situation, a temporary "blindness" effect can occur, as individuals ...

Inattentional blindness - Wikipedia

Explaining why traditional approaches to ethics don't work, the audiobook considers how blind spots like ethical fading—the removal of ethics from the decision-making process—have led to tragedies and scandals such as the Challenger space shuttle disaster, steroid use in Major League Baseball, the crash in the financial markets, and the ...

Blind Spots: Why We Fail to Do What's Right and What to Do ...

In *Blind Spots*, leading business ethicists Max Bazerman and Ann Tenbrunsel examine the ways we overestimate our ability to do what is right and how we act unethically without meaning to. From the collapse of Enron and corruption in the tobacco industry, to sales of the defective Ford Pinto, the downfall of Bernard Madoff, and the Challenger space shuttle disaster, the authors investigate the nature of ethical failures in the business world and beyond, and illustrate how we can become more ...

Amazon.com: Blind Spots: Why We Fail to Do What's Right ...

Blind Spots is not just about these criminals, but about a much larger problem—the dishonest actions that we all take while still thinking of ourselves as wonderfully moral people. In this important book, Bazerman and Tenbrunsel show us how we fail to see our own immoral actions in an objective light, and the trouble that this biased view gets us into."—Dan Ariely, author of *Predictably Irrational*

Tenbrunsel . . . set out to show that if we are to make ethical decisions, we need to recognize such blind spots in ourselves as our failure to view our own immoral actions objectively and our tendency to act based on how we want to behave rather than on how we should.'—Susan Schwartz, *Montreal Gazette* Read more From the Back Cover 'This fascinating book holds up a desperately needed mirror that objectively reveals a reflection we might not want to see.

Pdf Blind Spots Why We Fail To Do Whats Right And What To ...

Book excerpt from *Blind Spots: Why We Fail to Do What's Right and What to Do* about It. Preparing To Decide: Anticipating The "Want" Self The "want" self—that part of us which behaves according to self-interest and, often, without regard for moral principles—is silent during the planning stage of a decision but typically emerges and dominates at the time of the decision.

Blind Spots: We're Not as Ethical as We Think - Harvard ...

Blind Spots Why students fail and the science that can save them With an overwhelming majority of students graduating below proficiency in all academic subjects, the United States is in the midst of an educational crisis.

Dr. Kimberly Nix Berens

Tenbrunsel . . . set out to show that if we are to make ethical decisions, we need to recognize such blind spots in ourselves as our failure to view our own immoral actions objectively and our tendency to act based on how we want to behave rather than on how we should.'—Susan Schwartz, *Montreal Gazette* "This terrific book summarizes the rapid advances made in the field of behavioral ethics and brings them to the attention of the thoughtful practitioner.

Blind Spots Why We Fail to Do whats Right & What to Do ...

Are we as ethical as we think we are? An important new book by . . . Max Bazerman and . . . Ann Tenbrunsel says probably not. In *Blind Spots: Why We Fail to Do What's Right and What to Do* about It, Bazerman and Tenbrunsel make a convincing case that a significant gap exists between how ethical we think we are and how ethical we actually are.
