Studie- en oefenboek Nederlands voor anderstalige, hoger opgeleiden.

Do you know what the hardest thing for a Dutch learner is? Finding PROPER reading material that they can handle...which is precisely the reason we've written this book! Teachers love giving out tough, expert-level literature to their students. Books that present many new problems to the reader and force them to search for words in a dictionary every five minutes - it's not entertaining, useful or motivating for the student at all, and many soon give up on learning at all! In this book, we have compiled 20 easy-to-read, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to improve your grasp of the beautiful Dutch tongue. How Dutch Short Stories for Beginners works: - Each story is exciting and entertaining with realistic dialogues and day-to-day situations. - The summaries follow a synopsis in Dutch and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. - At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! - Finally, you'll be provided with a set of tricky questions in Dutch, providing you with the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! We want you to feel comfortable while learning the tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Dutch Short Stories for Beginners and start learning Dutch right now!

Studie- en oefenboek Nederlands voor anderstalige, hoger opgeleiden.

Joe, the son of a former soccer star, has lost interest in the sport due to his father's alcoholism, but when his injured identical twin, Dale, who still plays, asks him to take his place during an important game, he cannot refuse.

This book is a printed edition of the Special Issue "Milk: Bioactive Components and Role in Human Nutrition" that was published in Beverages

Although bioactive compounds in milk and dairy products have been extensively studied during the last few decades – especially in human and bovine milks and some dairy products – very few publications on this topic are available, especially in other dairy species ' milk and their processed dairy products. Also, little is available in the areas of bioactive and nutraceutical compounds in bovine and human milks, while books on other mammalian species are non-existent. Bioactive Components in Milk and Dairy Products extensively covers the bioactive components in milk and dairy products of many dairy species, including cows, goats, buffalo, sheep, horse, camel, and other minor species. Park has assembled a group of internationally reputed scientists in the forefront of functional milk and dairy products, food science and technology as contributors to this unique book. Coverage for each of the various dairy species includes: bioactive proteins and peptides; bioactive lipid components; oligosaccharides; growth factors; and other minor bioactive compounds, such as minerals, vitamins, hormones and nucleotides, etc.

Bioactive components are discussed for manufactured dairy products, such as caseins, caseinates, and cheeses; yogurt products; koumiss and kefir; and whey products. Aimed at food scientists, food technologists, dairy manufacturers, nutritionists, nutraceutical and functional foods specialists, allergy specialists, biotechnologists, medical and health professionals, and upper level students and faculty in dairy and food sciences and nutrition, Bioactive Components in Milk and Dairy Products is an important resource for those who are seeking nutritional, health, and therapeutic values or product technology information on milk and dairy products from the dairy cow and species beyond. Areas featured are: Unique coverage of bioactive compounds in milks of the dairy cow and minor species, including goat, sheep, buffalo, camel, and mare Identifies bioactive components and their analytical isolation methods in manufactured dairy products, such as caseins, caseinates, and cheeses; yogurt products; koumiss and kefir; and whey products Essential for professionals as well as biotechnology researchers specializing in functional foods, nutraceuticals, probiotics, and prebiotics Contributed chapters from a team of world-renowned expert scientists

Are you on your way towards learning Japanese and need a new challenge? We're constantly trying to improve and master new skills, and the Japanese language is no exception. We have created the next level of Japanese stories for the students who have already surpassed the beginner level: Intermediate Japanese Short Stories! In this book we have compiled 10 challenging, compelling and fun stories that will allow you to expand your vocabulary and give you the tools to boost your grasp of the wonderful Japanese tongue. How Intermediate Japanese Short Stories works: Each chapter possesses a funny, interesting and/or thought-provoking story based on real-life situations, allowing you to learn about the Japanese culture. Having trouble understanding Japanese characters? No problem - despite being Intermediate Japanese, we have still included a romanization to help guide you through your learning process, just like in the beginner stories! The summaries follow the story: a synopsis in Japanese and in English of what you just read, both to review the lesson and for you to see if you understood what the tale was about. Use them if you're having trouble. At the end of those summaries, you'll be provided with a list of the most relevant vocabulary involved in the lesson, as well as slang and sayings that you may not have understood at first glance! Don't get lost trying to understand or pronounce it all, either, as all of the vocabulary words are Romanized for your ease of learning! Finally, you'll be provided with a set of tricky questions in Japanese, allowing you the chance to prove that you learned something in the story. Don't worry if you don't know the answer to any - we will provide them immediately after, but no cheating! We want you to feel comfortable while mastering the Japanese tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Intermediate Japanese Short Stories and level up your Japanese language learning right now!

Is conversational Dutch turning a little too tricky for you? Do you have no idea how to order a meal or book a room at a hotel? If your answer to any of the previous questions was 'Yes', then this book is for you! If there's even been something tougher than learning the grammar rules of a new language, it's finding the way to speak with other people in that tongue. Any student knows this - we can try our best at practicing, but you always want to avoid making embarrassing mistakes or not getting your message through correctly. 'How do I get out of this situation?' many students ask themselves, to no avail, but no answer is forthcoming. Until now. We have compiled MORE THAN ONE HUNDRED conversational Dutch stories for beginners along with their translations, allowing new Dutch speakers to have the necessary tools to begin studying how to set a meeting, rent a car or tell a doctor that they don't feel well. We're not wasting time here with conversations that don't go anywhere: if you want to know how to solve problems (while learning a ton of Dutch along the way, obviously), this book is for you! How Conversational Dutch Dialogues works: - Each new chapter will have a fresh, new story between two people who wish to solve a common, day-to-day issue that you will surely encounter in real life. - An Dutch version of the conversation will take place first, followed by an English translation. This ensures that you fully understood just what it was that they were saying. - Before and after the main section of the book, we shall provide you with an introduction and conclusion that will offer you important strategies, tips and tricks to allow you to get the absolute most out of this learning material. - That's about it! Simple, useful and incredibly helpful; you will NOT need another conversational Dutch book once you have begun reading and studying this one! We want you to feel comfortable while learning the tongue; after all, no language should be a barrier for you to travel around the world and expand your social circles! So look no further! Pick up your copy of Conversational Dutch Dialogues and start learning Dutch right now!
