Les activités interactives proposées ici ont  
été pensées pour aider le formateur à sortir  
du schéma "top-down" habituel, calqué sur un  
modèle scolaire classique, et permettre de  
libérer l'intelligence collective des  
participants. Ce nouvel ouvrage de Thiagi et  
Bruno Hourst propose ainsi 42 jeux à thème. A  
la différence des "jeux-cadres" proposés dans  
Modèles de jeux de formation (Ed. Eyrolles),  
ces jeux ont un contenu précis. Ils  
permettent de toucher les grands thèmes de  
l'entreprise : communication, travail en  
équipe, management et leadership, prévention  
et résolution des conflits, créativité et  
innovation, gestion du changement, vente et  
marketing, comportements,  
interculturalité/différences/discrimination,  
formation. Des activités riches et efficaces,  
d'un coût quasi-nul, maintes fois testées par

Comment aider les autres à apprendre et se développer ? Destiné aux formateurs, animateurs et enseignants pour adultes mais aussi à toute personne engagée dans une action de développement des autres, ce guide propose un ensemble de théories et de concepts éclairants pour la pratique formative ainsi que des méthodologies et outils applicables en situation. Le tout est illustré par des exemples concrets puisés dans des formations aux thématiques psychosociales, techniques ou sportives. Cette nouvelle édition présente de nouveaux développements concernant la question de l'hétérogénéité des groupes et les raisons d'être en groupe, les rythmes en formation ainsi que les dispositifs qui mélangent travail et formation. Elle s'est enrichie également de nouveaux exemples et fiches outils.

Afrikan life into the coming millennia is imperiled by White and Asian power. True power must nest in the ownership of the real estate wherever Afrikan people dwell. Economic destiny determines biological destiny. 'Blueprint for Black Power' details

a master plan for the power revolution necessary for Black survival in the 21st century. White treatment of Afrikan Americans, despite a myriad of theories explaining White behavior, ultimately rests on the fact that they can. They possess the power to do so. Such a power differential must be neutralized if Blacks are to prosper in the 21st century ... Aptly titled, 'Blueprint for Black Power' stops not at critique but prescribes radical, practical theories, frameworks and approaches for true power. It gives a biting look into Black potentiality. (Back cover).
