A workbook for using symbolic acts to heal the unconscious mind • Provides several hundred successful psychomagic solutions for a wide range of specific psychological, sexual, emotional, and physical problems, from stuttering, eczema, and fears to repressed rage and hereditary illnesses • Details how practitioners can develop unique psychomagic solutions for their patients • Explains how psychomagic bypasses the rational mind to work directly with the unconscious for quicker and more enduring change
Traditional psychotherapy seeks to unburden the unconscious mind purely through talk and discussion. Psychomagic recognizes that it is difficult to reach the unconscious with rational thought. We should instead speak directly to the unconscious in its own language, that of dreams, poetry, and symbolic acts. By interacting on this deeper level, we can initiate quicker and more enduring change to resolve repressed childhood trauma, express buried emotions, and overcome deep-seated intimacy issues. Through the lens of psychomagic, illness can be seen as the physical dream of the unconscious, revealing unresolved issues, some passed from generation to generation. In this workbook of psychomagical spells, legendary filmmaker and creator of psychomagic Alejandro Jodorowsky provides several hundred successful psychomagic solutions for a wide range of psychological, sexual, emotional, and physical problems from stuttering, eczema, and fear of failure to repressed rage, hereditary illnesses, and domineering parents. Each solution takes the same elements associated with a negative emotional charge and recasts them into a series of theatrical symbolic actions that enable one to pay the psychological debts hindering their lives. Explaining the shamanic techniques at the foundation of psychomagic, the author offers methods for aspiring practitioners to develop solutions for their own unique patients. Jodorowsky explains how the surreal acts of psychomagic are intended to break apart the dysfunctional persona with whom the patient identifies in order to connect with a deeper, more authentic self. As he says in the book, "Health only finds itself in the authentic. There is no beauty without authenticity."

Alejandro Jodorowsky, entre otras muchas cosas, recogió en sus libros La danza de la realidad (Siruela, 2001) y Psicomagia (Siruela, 2004) la base teórica de esta técnica sanadora creada y desarrollada por él. Su parte práctica la encontramos por primera vez reunida en Manual de Psicomagia, que, con sus más de 300 consejos, pretende ayudar a todas aquellas personas que ante diferentes problemas psicológicos, sexuales, emocionales o materiales desean sanar, liberar o mejorar su vida. A lo largo del libro, estos consejos prácticos nos enseñan a desprendernos de ideas nocivas o de la influencia negativa que el pasado familiar puede ejercer sobre nosotros; a mejorar aspectos de nuestra vida laboral o económica, de la salud, de la vida en pareja o en soledad; a enfrentarnos al sentimiento de desamparo, de odio, de celos, de inseguridad, de fracaso, de pesimismo, de inferioridad, de abuso sexual, de cobardía, de no haber sido querido, etcétera. Finalmente, varios actos de psicomagia para consultantes sanos, y otros tantos dirigidos a la sociedad, anteceden a más de cien consultas individuales que atendió el autor de quienes le pedían información a través del Tarot.

A healing path using the power of dreams, theater, poetry, and shamanism • Shows how psychological realizations can cause true transformation when manifested by concrete poetic acts • Includes many examples of the surreal but successful actions Jodorowsky has prescribed to those seeking his help
While living in Mexico, Alejandro Jodorowsky became familiar with the colorful and effective cures provided by folk healers. He realized that it is easier for the unconscious to understand the language of dreams than that of rationality. Illness can even be seen as a physical dream that reveals unresolved emotional and psychological problems. Psychomagic presents the shamanic and genealogical principles Jodorowsky discovered to create a healing therapy that could use the powers of dreams, art, and theater to empower individuals to heal wounds that in some cases had traveled through generations. The concrete and often surreal poetic actions Jodorowsky employs are part of an elaborate strategy intended to break apart the dysfunctional persona with whom the patient identifies in order to connect with a deeper self. That is when true transformation can manifest. For a young man who complained that he lived only in his head and was unable to grab hold of reality and advance toward the financial autonomy he desired, Jodorowsky gave the prescription to paste two gold coins to the soles of his shoes so that all day he would be walking on gold. A judge whose vanity was ruling his every move was given the task of dressing like a tramp and begging outside one of the fashionable restaurants he loved to frequent while pulling glass doll eyes out of his pockets. The lesson for him was that if a tramp can fill his pockets with eyeballs, then they must be of no value, and thus the eyes of others should have no bearing on who you are and what you do. Taking his patients directly at their words, Jodorowsky takes the same elements associated with a negative emotional charge and recasts them in an action that will make them positive and enable them to pay the psychological debts hindering their lives.

The magnum opus from Alejandro Jodorowsky—director of The Holy Mountain, star of Jodorowsky’s Dune, spiritual guru behind Psychomagic and The Way of Tarot, innovator behind classic comics The Incal and Metabarons, and legend of Latin American literature. There has never been an artist like the polymathic Chilean director, author, and mystic Alejandro Jodorowsky. For eight decades, he has blazed new trails across a dazzling variety of creative fields. While his psychedelic, visionary films have been celebrated by the likes of John Lennon, Marina Abramovic, and Kanye West, his novels—praised throughout Latin America in the same breath as those of Gabriel García Márquez—have remained largely unknown in the English-speaking world. Until now. Where the Bird Sings Best tells the fantastic story of the Jodorowskys’ emigration from Ukraine to Chile amidst the political and cultural upheavals of the 19th and 20th centuries. Like One Hundred Years of Solitude, Jodorowsky’s book transforms family history into heroic legend: incestuous beekeepers hide their crime with a living cloak of bees, a czar fakes his own death to live as a hermit amongst the animals, a devout grandfather confides only in the ghost of a wise rabbi, a transgender ballerina with a voracious sexual appetite holds a would-be saint in thrall. Kaleidoscopic, exhilarating, and erotic, Where the Bird Sings Best expands the classic immigration story to mythic proportions. Praise “This epic family saga, reminiscent of Gabriel García Márquez’s One Hundred Years of Solitude in structure and breadth, reads at a breakneck pace. Though ostensibly a novelization of the author’s own family history, it is a raucous carnival of the surreal, mystical, and grotesque.” —Publishers Weekly “A man whose life has been defined by cosmic ambitions.” —The New York Times Magazine “A great eccentric original....A legendary man of many trades.” —Roger Ebert For more information on Alejandro Jodorowsky, please visit www.restlessbooks.com/alejandro-jodorowsky

Jodorowsky’s memoirs of his experiences with Master Takata and the group of wisewomen--magiciennes--who influenced his spiritual growth • Reveals Jodorowsky turning the same unsparing spiritual vision seen in El Topo to his own spiritual quest • Shows how the author’s spiritual insight and progress was catalyzed repeatedly by wisewoman shamans and healers
In 1970, John Lennon introduced to the world Alejandro Jodorowsky and the movie, El Topo, that he wrote, starred in, and directed. The movie and its author instantly became a counterculture icon. The New York Times said the film “demands to be seen,” and Newsweek called it “An Extraordinary Movie!” But that was only the beginning of the story and the controversy of El Topo, and the journey of its brilliant creator. His spiritual quest began with the Japanese master Ejo Takata, the man who introduced him to the practice of meditation, Zen Buddhism, and the wisdom of the koans. Yet in this autobiographical account of his spiritual journey, Jodorowsky reveals that it was a small group of wisewomen, far removed from the world of Buddhism, who initiated him and taught him how to put the wisdom he had learned from his master into practice. At the direction of Takata, Jodorowsky became a student of the

surrealist painter Leonora Carrington, thus beginning a journey in which vital spiritual lessons were transmitted to him by various women who were masters of their particular crafts. These women included Doña Magdalena, who taught him "initiatic" or spiritual massage; the powerful Mexican actress known as La Tigresa (the "tigress"); and Reyna D'Assia, daughter of the famed spiritual teacher G. I. Gurdjieff. Other important wisewomen on Jodorowsky's spiritual path include María Sabina, the priestess of the sacred mushrooms; the healer Pachita; and the Chilean singer Violeta Parra. The teachings of these women enabled him to discard the emotional armor that was hindering his advancement on the path of spiritual awareness and enlightenment.

La autora se arriesga a conducirnos hacia un viaje en el que la psicología y la psicogenealogía se entretrejen para interpretar el cuerpo y las manifestaciones inscritas en él, superando miradas y enfoques, que abordan estos temas de forma parcial. Capítulo a capítulo, nos lleva a descubrir la multidimensionalidad de "ese templo sagrado" que hemos olvidado habitar. El cuerpo es el participante de todo lo que sentimos, pensamos, hacemos y vivimos, bien dice Caroline Myss que la "biografía se convierte en biología". Es, además, el territorio en el que se encarnan la dimensión individual y colectiva, la psicológica y transgeneracional (prebiográfica). Al leer este libro, es fácil entender que las heridas y traumas dejan huellas físicas, los pensamientos negativos y los altibajos de nuestro pasado y de nuestro árbol genealógico, lo afectan también. Comprender que estas experiencias se han convertido en una parte de su estructura puede resultar increíblemente curativo.

Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path • Works with the original Marseille Tarot to reveal the roots of Western wisdom • Provides the key to the symbolic language of the Tarot's "nomadic cathedral" • Transforms a simple divination tool into a vehicle for self-realization and healing Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.
