Masculinities Violence And
Culture

Masculinities, Violence and Culture. This book explores the relationship between masculinity and violence within the context of cultural change and escalating violence. This unique analysis links the growing sociological and psychological literature on masculinity with contemporary criminological research. The author: critically examines the major biological, psychological, sociological, and anthropological models of masculinity and violence; formulates an integrated theoretical approach to

Culture
The movies are used to illustrate the construction of masculinity in popular culture as well as the range of images of violence that dominate our senses.

Masculinities, Violence and Culture | SAGE Publications Inc
Masculinities, Violence, and Culture is well researched and includes an extensive bibliography. It will be of great interest to clinicians and others who deal with violence and gender issues, to students of postmodernist thought and feminist issues, and to readers who are involved in the legal arenas in which such issues are contested.
