'There's more than one way to skin a theatrical cat; and McDonagh's chosen weapons are laughter and gore... Pushing theatre to its limits, McDonagh is making a serious point... a work as subversive as those Synge and O'Casey plays that sparked Dublin riots in the last century' Guardian 'A brave satire... Swiftianly savage and parodic... with explicit brutal actino and lines which sing with grace and wit' Observer Who knocked Mad Padraic's cat over on a lonely road on the island of Inishmore and was it an accident? He'll want to know when he gets back from a stint of torture and chip-shop bombing in Northern Ireland: he loves his cat more than life itself. The Lieutenant of Inishmore is a brilliant satire on terrorism, a powerful corrective to the beautification of violence in contemporary culture, and a hilarious farce. It premiered at the RSC's The Other Place, Stratford-upon-Avon, in May 2001. Commentary and notes by Patrick Lonergan

Author's abstract: While Martin McDonagh's plays have engendered laughter, disgust, and fear, he might be best known as part of a long line of Irish playwrights who faced controversy due to their art. Much like Synge, Shaw, and O'Casey, McDonagh has faced

Bookmark File PDF The Lieutenant Of Inishmore

criticism and even outrage due to the violence and misunderstood portrayals of the Irish in his plays. Though the violence in plays like *The Pillowman* and *The Lieutenant of Inishmore* has been labeled gratuitous, we might better understand the purpose of that violence by examining them in light of Michel Foucault's concepts of knowledge and power. Foucault's approaches best highlight one of McDonagh's most important themes: the establishment of a power dynamic between characters. Foucault's analysis of the development and interaction of power structures in society, *Discipline and Punish: The Birth of the Prison*, clarifies the violence of McDonagh's plays, and might add depth and greater meaning to his use of extreme violence.

THE STORY: In Martin McDonagh's first American-set play, Carmichael has been searching for his missing left hand for almost half a century. Enter two bickering lovebirds with a hand to sell, and a hotel clerk with an aversion to gunfire, and we're

In a townhouse in Copenhagen works Hans Christian Andersen, a teller of exquisite and fantastic children's tales beloved by millions. But the true source of his stories dwells in his attic upstairs, her existence a dark secret kept from the outside world. Dangerous, twisted and funny, Martin McDonagh's new play travels deep into the abysses of the imagination. *A Very Very Dark Matter* premiered at the Bridge Theatre, London, in October 2018.

Since the opening of Martin McDonagh's *The Lieutenant of Inishmore* at London's *The Other Place* in April of 2001, there has been little critical agreement as to how this play should be read. There seems to be a problematic discourse surrounding this apparently "Irish" play written by a playwright who is difficult to identify by way of nationality. McDonagh has successfully divided

the world of Irish theatre criticism into those who believe his play perpetuates Irish stereotypes, those who believe it subverts them and those who believe the play's dark, satirical form and content provides us with no significant literary contributions what so ever. By looking at critical responses to McDonagh's play as well as audience responses in a global context, we see that "Irishness" becomes something to be of less concern. Moreover, by looking at McDonagh's treatment of the impulse to identity in "Irish" literature, we can come to see McDonagh's place in Irish literature; which may not be "in" Irish literature at all, but in postmodern literature. The intertextual nature of the play can be taxonomized as that which Fredric Jameson calls pastiche, that is, the emergence of cannibalized stylistic forms in the space of the text. These traces no longer have meaning for us as we are unable to come to understand, in this era of late capitalism, Jameson tells us, not only an authentic history, but an authentic present as well. The allusions to historical events and to other works of literature emerge in such a way that we cannot take them seriously or identify with them at all. Seeing McDonagh's work in this light, as being postmodern and not "Irish," whatever that means, brings us to see that identification by nationality is inadequate, but more importantly, that it is impossible.

You might be asking 'Where IS Bruges?' Well; it is in Belgium, and the filming of the city is absolutely breathtaking. If you enjoyed nothing else about this film, you would still really appreciate the beautiful views of the ancient buildings and canals. It follows two hitmen, Ray (Colin Farrell) and Ken (Brendan Gleeson) who are forced to hideout in Bruges after Ray accidentally kills a child during a hit. Whilst they are meant to be keeping a low profile and waiting for their boss (Ralph Fiennes) to call, Ray's tempestuous nature and a crew of bizarre misfit characters make this an impossible task. Farrell and Gleeson are comically opposed characters, offering much in the way of snappy, funny dialogue, which is only complimented by the appearance of Fiennes as their

no nonsense, foul mouthed boss. The direction makes much use of the spectacular backdrop that Bruges provides, and Farrell in particular delivers an entertaining performance along with the rest of the cast.

I'm just as good as bloody Pierrepoint. In his small pub in Oldham, Harry is something of a local celebrity. But what's the second-best hangman in England to do on the day they've abolished hanging? Amongst the cub reporters and sycophantic pub regulars, dying to hear Harry's reaction to the news, a peculiar stranger lurks, with a very different motive for his visit. Don't worry. I may have my quirks but I'm not an animal. Or am I? One for the courts to discuss. Martin McDonagh's *Hangmen* premiered at the Royal Court Theatre, London, in September 2015.

Winner 1996 Evening Standard Award for Most Promising Playwright; Winner 1996 George Devine Award for Most Promising Playwright For one week each autumn, Mick Dowd is hired to disinter the bones in certain sections of his local cemetery, to make way for new arrivals. As the time approaches for him to dig up those of his own late wife, strange rumours regarding his involvement in her sudden death seven years ago gradually begin to resurface.
