The greatest threat to privacy today is not the NSA, but good-old American companies. Internet giants, leading retailers, and other firms are voraciously gathering data with little oversight from anyone. In Las Vegas, no company knows the value of data better than Caesars Entertainment. Many thousands of enthusiastic clients pour through the ever-open doors of their casinos. The secret to the company's success lies in their one unrivaled asset: they know their clients intimately by tracking the activities of the overwhelming majority of gamblers. They know exactly what games they like to play, what foods they enjoy for breakfast, when they prefer to visit, who their favorite hostess might be, and exactly how to keep them coming back for more. Caesars' dogged data-gathering methods have been so successful that they have grown to become the world's largest casino operator, and have inspired companies of all kinds to ramp up their own data mining in the hopes of boosting their targeted marketing efforts. Some do this themselves. Some rely on data brokers. Others clearly enter a moral gray zone that should make American consumers deeply uncomfortable. We live in an age when our personal information is harvested and aggregated whether we like it or not. And it is growing ever more difficult for those businesses that choose not to engage in more intrusive data gathering to compete with those that do. Tanner's timely warning resounds: Yes, there are many benefits to the free flow of all this data, but there is a dark, unregulated, and destructive netherworld as well.

What happens in Vegas, stays in Vegas...except when it doesn't. Lexi Titan has mastered the art of pretending everything's fine. After all, how else could she ignore the fact that her husband is never home, her son barely knows him and the last time she had sex, well, who can remember? But when her best friend

announces she's getting married, Lexi doesn't have a choice. Besides, it's ridiculous to avoid an entire city because of one guy. Even if he is the father of your child. Face to face with memories of the past and the gorgeous man who started it all, Lexi can no longer deny the truth to anyone, especially Leo. But honesty will come at a price, and Lexi must decide if she's willing to take that risk. And what exactly will she tell her husband? Because as she now knows, NOTHING STAYS IN VEGAS.

Yet I believe that it does not matter where we come from; it only matters where we are headed and whether we have a clear eye along the way no matter what adventure or misadventure we face. In the end, we will always prevail with love, determination, and good will to others no matter the odds. To that end, I hope that these essays and short stories will not only prove to be a fascinating look behind the curtain but will also share some helpful information about life in Las Vegas or anywhere where humans may be engaged in some folly.

Free of the Bureau of Supernatural Investigation, Kal Hakala rededicates himself to destroying the monster that murdered his sister. on. After waking up in a hotel room that isn't hers, next to a naked man she doesn't know, with a ring on her finger and no recollection of the previous twenty-four hours, she hops the first flight back home with two new mantras. Whatever happened, happened. And no looking back, only forward. Only a few months later, her past shows back up on her doorstep in the form of one very determined husband. A few months ago, Maxwell woke up alone in a hotel in Vegas with a hangover and a lingering feeling that something important had happened to him the night before. Unsure if his vague memories were real or just a dream; he hired a private investigator. Now that he's tracked down his accidental wife, he's determined to get a divorce. Or is he? Face to face, the words don't come and instead he finds himself asking his wife if she'd like to go on a date. Is it possible their one night in Vegas was meant to be more? Can they make a relationship work? Or is divorce really the only option when what happens in Vegas follows you home?

I'm not the first man and I don't suppose I'll be the last to be confronted by a beautiful woman demanding a divorce. The problem is, I've never seen Fern Daniels before in my life. I don't care if she does have the wedding certificate and photographs to prove her ridiculous claims. This is a scam. The scheming Ms Daniels is up to something. I mean to find out what, and when I do, she'll realise she crossed the wrong man.

What happens in Vegas, stays in Vegas. Especially murder.
