-- VICE AND VALOR ---- LIFE AND DEATH ---- DECEPTION AND THE TRUTH --Impress your friends and loved ones with a treasure trove of knowledge!In September of 1914, our world was forever changed, the assassination of Archduke Franz Ferdinand proving enough to spark conflict on a global scale unprecedented. What's more, the stage was set for political and cultural upheavals that would continue for decades. Nations would ride to the sides of their allies and split the world in two en route, no side coming out unscathed. The Great War, as it would come to be known, brought with it great

Advancements and new technologies.

Meanwhile, trench warfare and weaponized gas altered the face of combat itself. These new inventions would make war more deadly than ever, contributing to more than forty million deaths worldwide. Tragic though man's losses were, the annals of history are replete with fascinating tales of courage--from soldiers who fought corruption to nurses who took a stand against malevolent occupation. By examining the intricacies of WWI, we can better appreciate the toll taken on the dozens of nations directly involved. How much do YOU understand about this mighty melee? In this historical trivia book designed for the layperson, you'll get a front-line look at amazing stories of heroism and epic battles, along with over 150 expert questions to help you learn even more about the first-ever World War. Wiely chapter sizes guarantee you, too,

propaganda * women's involvement in the war * protest and pacifism * the links between the war and the revolutions in Russia and Germany.

In a major reinterpretation, Sean McMeekin rejects the standard notion of the war ' s beginning as either a Germano-Austrian pre-emptive strike or a miscalculation. The key to the outbreak of violence, he argues, lies in St. Petersburg. Russian statesmen unleashed the war through policy decisions based on imperial ambitions in the Near East.

This unique volume offers a definitive new history of European economies at war from 1914 to 1918. It studies how European economies mobilised for war, how existing economic institutions stood

up under the strain, how economic development influenced outcomes and how wartime experience influenced post-war economic growth. Leading international experts provide the first systematic comparison of economies at war between 1914 and 1918 based on the best available data for Britain, Germany, France, Russia, the USA, Italy, Turkey, Austria-Hungary and the Netherlands. The editors' overview draws some stark lessons about the role of economic development, the importance of markets and the damage done by nationalism and protectionism. A companion volume to the acclaimed *The Economics of World War II*, this is a major contribution to our understanding of total war.

Prize (History) *The Sleepwalkers: How Europe Went to War in 1914* is historian Christopher Clark ' s riveting account of the explosive beginnings of World War I. Drawing on new scholarship, Clark offers a fresh look at World War I, focusing not on the battles and atrocities of the war itself, but on the complex events and relationships that led a group of well-meaning leaders into brutal conflict. Clark traces the paths to war in a minute-by-minute, action-packed narrative that cuts between the key decision centers in Vienna, Berlin, St. Petersburg, Paris, London, and Belgrade, and examines the decades of history that informed the events of 1914 and details the mutual misunderstandings and unintended signals that drove the crisis forward in a few short weeks. Meticulously researched and masterfully written, Christopher Clark ' s *The Sleepwalkers* is a dramatic and

Authoritative chronicle of Europe ' s descent into a war that tore the world apart.

Presents essays about controversial issues during World War I, including the question of American neutrality, the Treaty of Versailles, and the League of Nations

In *The Pity of War*, Niall Ferguson makes a simple and provocative argument: that the human atrocity known as the Great War was entirely England's fault. Britain, according to Ferguson, entered into war based on naïve assumptions of German aims—and England's entry into the war transformed a Continental conflict into a world war, which they then badly mishandled, necessitating American involvement. The war was not inevitable, Ferguson argues, but rather the result of

Download Ebook World War 1 Questions And

the mistaken decisions of individuals who would later claim to have been in the grip of huge impersonal forces. That the war was wicked, horrific, inhuman, is memorialized in part by the poetry of men like Wilfred Owen and Siegfried Sassoon, but also by cold statistics. More British soldiers were killed in the first day of the Battle of the Somme than Americans in the Vietnam War; indeed, the total British fatalities in that single battle—some 420,000—exceeds the entire American fatalities for both World Wars. And yet, as Ferguson writes, while the war itself was a disastrous folly, the great majority of men who fought it did so with enthusiasm. Ferguson vividly brings back to life this terrifying period, not through dry citation of chronological chapter and verse but through a series of brilliant chapters focusing on key ways in which we now view the First World War. For anyone
